this is better in value as it gives you the nightmare costume and elite status. How can i get them in-game? i just bought it and still doesnt show on the game :( It's better if bought when it's on sale, but if you can't wait and want something extra with your 30 Day Elite Status i reccomend buying this!. It's really good costume, but the problem is that you need to buy more than 1 for every character you have. cant u just remove this from your library and buy it again idk if it works. doe pretty good really cheap.. u can buy this 300 times if you want. just goto the site. and soon enough youll have all your wolf dogs decked out like this if your going too extend your sub and want a new costume. its prob a good choice

<https://closers.enmasse.com/store/collectors-edition> if you wanna buy it x more times go here. Not bad as a cheaper alternative to the Deluxe Collector's Pack.. Can't thank enmasse enough for putting this on steam, and also for lowering the price in some countries.
